

November 30, 2007

Ms. Dianne Lyles  
Contracting Officer  
US Environmental Protection Agency  
Office of Acquisition Management, Bid and Proposal Room, Mail Code 3802R  
Ronald Reagan Building, 6<sup>th</sup> Floor, Room 61107  
Washington DC, 20004

Reference: Solicitation RFQ-DC-07-00306, SOFTWARE ENGINEERING & SPECIALIZED SCIENTIFIC SUPPORT (SES<sup>3</sup>)

Dear Ms. Lyles:

Computer Sciences Corporation (CSC) is pleased to submit its fully compliant response to the Environmental Protection Agency's (EPA) SES<sup>3</sup> RFQ. We acknowledge receipt of Amendments 1 and 2, dated November 5<sup>th</sup> and 14<sup>th</sup>, respectively. This submission consists of the following items:

- Technical Plan (hardcopies, etc.)
  - Section 2 –Requirements Competency (2.1 Technical Approach and 2.2 Management Plan)
  - Section 3 – Quality Management Plan
  - Section 4 – Past Performance
  - Section 5 – Conflict of Interest Plan
- Price Quotation (hardcopies, etc.)
  - Section 6 Price

CSC's Environmental Solutions (ES) group, under the leadership of Christine Matthews<sup>PMP</sup>, Vice President, will be the lead CSC organization for the SES<sup>3</sup> Blanket Purchase Agreement (BPA). Christine and her staff have carefully prepared this proposal, which is responsive and compliant to every requirement, without exception.

CSC has a long and successful history partnering with EPA, and specifically, with ORD. We understand your core mission — to conduct scientific research to protect human health and the environment. We also recognize that new advances in Information Technology (IT) and Information Management (IM) are rapidly changing the way science and research is conducted. Through SES<sup>3</sup>, ORD will need to respond to these changes and transform the way software engineering and specialized scientific support are delivered at laboratories, research centers, and offices nationwide.

CSC has served as your Facilities and Administrative Information Resources Management (FAIR) II contractor and trusted partner since 2001. Our FAIR II experience provides a broad foundation for SES<sup>3</sup>, including an in-depth understanding of ORD's mission, objectives, culture, and technical requirements. However, we do not view SES<sup>3</sup> as just a FAIR II "Re-Compete." We fully appreciate that SES<sup>3</sup> is a *transformational* contract, and we have taken five key steps to prepare ourselves to continue our trusted partnership with you accordingly.

First, as a SES<sup>3</sup> BPA Offeror, CSC (b)(4)

(b)(4)

Second, I have (b)(4)

(b)(4)

Third, (b)(4)

(b)(4)

Fourth, CSC has already (b)(4)

(b)(4)

Fifth, CSC has made several (b)(4)

(b)(4)

(b)(4)

I am committed to ensuring that Christine's team delivers services that exceed the expectations and needs of EPA ORD and the customers you serve. If you have any questions concerning our proposal, please contact (b)(4) at (b)(4) or (b)(4)@csc.com.

Sincerely,

James W. Sheaffer

President

North American Public Sector
